## WHAT IS MedEntry ?

MedEntry is a leading Registered Training Educational institution committed to helping students enter medicine. MedEntry has become synonymous with medical entry success. Our logo is a promise.

## WHAT DOES MedEntry OFFER?

MedEntry offers two-day courses, a professionally designed curriculum, online practice exams which exactly simulate the computer-based UCAT, fully worked solutions, percentile rankings, thousands of practice questions, Personalised Adaptive Learning, video instruction, the latest flexible and interactive learning technology, interview training, university admissions advice and more. All of this is offered at a competitive price.

## WHY CHOOSE US?

MedEntry is the only UCAT training institution which offers a Quality Guarantee. It is run by practicing clinicians, academics and psychometricians with expertise in test development, measurement and analysis. MedEntry has higher ratings and more reviews on Google & Facebook than any other preparation course (and even higher than any university!). EdUCATe yourself with MedEntry and find out why we are the #1 trusted prep course!

## DO I REALLY NEED TO TRAIN FOR THE UCAT?

Yes! Do not be misled into thinking that practicing on free questions is sufficient. Some students with perfect school or university scores miss out on a place in medicine due to low UCAT scores. Research shows training can significantly improve your UCAT score.

## WHAT DISCOUNTS DOES MedEntry OFFER?

MedEntry offers discounts for groups, past students, those with academic achievements and those nominated by their teacher or health professional.
